## THE ART OF INLAY

Inlay is an antique type of decoration which consists in combining small pieces of wood, matching them until obtaining a particular drawing. The choice of wood, the accuracy of designs and of execution give to each piece of furniture elegance and personality.

We have pioneered in assembling together not only different types of wood but also other materials, such as motherpearl and metals, achieving an impressive and precious result.

We are very glad and honoured to show You our new creations which will give more prestige and elegance to our collections, and on which we will focus our engagements.

We are sure that these products, with their strong identity, can make Your emotions and deepest desires come true.

### THE PROJECT

Serial or custom designs are followed by a unique staff in the world with a deep knowledge of both the machining techniques and the most precious finishes, chosen according to customer's needs. Every single product can be considered unique and unrepeatable, a work of art created by an exceptional team, man and nature.

### THE PLACEMENT

Every smaller detail of the most complex design is meticulously positioned by the hands of our experienced craftsmen, who make every single product a unique masterpiece.

### THE INLAY CUTTING

All the materials are cut according to tradition, both with artisan techniques and with modern technology, to achieve the best results. The quality and perfection of the cut are one of the characteristics of our inlays that can boast infinitely minimal tolerances.

### THE CONTROL OF QUALITY

The inlay accuracy, the quality of the materials used and the care in positioning are continuously verified during all stages of processing to ensure in each project a high quality and an outstanding beauty product.

A watercolor illustration of a forest floor. The ground is covered with a thick layer of fallen leaves in various shades of brown, tan, and yellow. Scattered among the leaves are several small, delicate flowers in shades of purple, blue, and white. A small, light-colored, curved object, possibly a piece of wood or a small animal, is visible among the leaves in the center-right area. The overall style is soft and painterly, with a warm, autumnal color palette.
